Mission Statement

Anishnawbe Health strives to improve the health and well being of Aboriginal People in spirit, mind, emotion and body by providing Traditional Healing within a multi-disciplinary health care model.

In our vision, we seek a community with Youth who are knowledgeable of their ways. They value and are proud of who they are. Youth with a strong sense of identity and the confidence to participate as equals in a native and non-native environment.

"Our Belief is that healing and teaching are parallel."
“We Will Be Known Forever
By The Tracks We Leave.”
- Dakota Proverb
