Our Vision An Aboriginal Community:

- That nurtures the Family Spirit and strengthens family identity by embracing and sharing culture and traditional knowledge.
- That respects the beauty and power of nature and creation, and helps to ensure a healthy environment.
- Where individuals and families are strong spiritually, emotionally, mentally and physically, independent and self-sufficient; with ready access to Traditional Health and healing as well as culturally-safe models of care from pre-birth (Traditional Midwives) to preparations for return to the spirit world (Traditional Healers).
- Where individuals are self-determining and able to take advantage of opportunities in order to reach their full potential and are prepared to share with others.
- Where people have a strong sense of identity and pride, as well as being knowledgeable of their traditional ways and values.
- Where Healing Lodges are at the centre of the community accessible to all of our people.

Our Beliefs

AHT roots all of its activities on the following teachings:

- Healing, learning and teaching are synonymous.
- We are all responsible for our personal health, wellness and healing.
- Nature and creation is our First Family. We show respect for our First Family and include them in our prayers. We also show respect for the spirits of our ancestors who are part of our First Family.
- There is an energy or life force which exists throughout nature and creation. This energy is within all of us. It gives us life and emanates from the human body. It is our spirit. What we understand as sickness begins in our spirit; it then affects the mind, then the emotions and finally the body; for healing to occur treatment must include our whole being.
- The Healing Path also includes preparations for the journey to the Spirit World. Death is part of the cycle of life.

Our Principles

AHT will work toward achieving its visions and carrying out its mission based on the following principles..

- We respect teachings of all people.
- We accept and provide care to all Aboriginal people and their families, including status and non-status First Nation, Inuit, and Métis people.
- We respect the right of our clients to receive services free from judgement and to choose the care path that is right for them.
- We strive to provide services that enable people to reconnect with and strengthen their spirit.

Our Mission

To improve, support and promote the health, well-being and healing of Aboriginal people in spirit, mind, emotion and body within a multi-disciplinary health care model.

Our Future

Anishnawbe Health Toronto

Community

REPORT OF THE INDEPENDENT AUDITOR ON THE SUMMARY FINANCIAL STATEMENTS

To the Members of
Anishnawbe Health Toronto

The accompanying summary financial statements, which comprise the summary statement of financial position as at March 31, 2018 and the summary statements of revenues and expenditures and changes in net assets for the year then ended, and related notes, are derived from the audited financial statements of Anishnawbe Health Toronto for the year ended March 31, 2018. We expressed an unmodified audit opinion on those financial statements in our report dated June 19, 2018.

The summary financial statements do not contain all the statements and disclosures required by Canadian accounting standards for not-for-profit organizations. Reading the summary financial statements, therefore, is not a substitute for reading the audited financial statements of Anishnawbe Health Toronto.

Management's Responsibility for the Summary Financial Statements

Management is responsible for the preparation of a summary of the audited financial statements in accordance with the basis described in Note 1.

Auditor's Responsibility

Our responsibility is to express an opinion on the summary financial statements based on our procedures, which were conducted in accordance with Canadian Auditing Standard (CAS) 810, *Engagements to Report on Summary Financial Statements*.

Opinion

In our opinion, the summary financial statements derived from the audited financial statements of Anishnawbe Health Toronto for the year ended March 31, 2018 are a fair summary of those financial statements, in accordance with the basis described in Note 1.

Other Matters

Our auditor's report dated June 19, 2018 on the audited financial statements included an Other Matter paragraph drawing attention to the fact that the financial statements of Anishnawbe Health Toronto for the year ended March 31, 2017 were audited by another auditor who expressed an unqualified opinion on those statements on June 13, 2017. This other auditor also audited the summary financial statements of the Anishnawbe Health Toronto for the year ended March 31, 2017 and expressed an unqualified opinion on those summary financial statements on June 13, 2017.

Anishnawbe Health Foundation

A message from Diane Gray, President

Bozhoo! Our first full active year as a Foundation has been an exciting one.

Our fundraising for the new home for Anishnawbe Health Toronto has raised nearly \$2 million in pledges and gifts of our \$10 million goal.

In the area of major gifts, our Board and those close to our organization have stepped forward to support the campaign. In particular, Dr. Chandrakant P. Shah, who served as a physician with Anishnawbe Health Toronto for nearly 20 years before retiring and joining our Foundation Board, has given a leadership gift of \$100,000 to the campaign with his wife Sudha and his family.

Service clubs and faith groups have also joined our cause as leadership supporters this past year. The Toronto Netralya Lions Club's Lions for Sight Gala attracted over 500 guests and raised \$125,000 for the campaign.

The United Church and the Anglican Church joined our interfaith segment of the campaign as part of their work towards Reconciliation and following in the footsteps of Sanatan Mandir Cultural Centre's walk-a-thon in August 2017. Together, these three faith groups have contributed over \$400,000 to the campaign. Please take a moment to review the donor list in this report. We are grateful for all of the donors and volunteers who are partnering with us to establish our Foundation.

In the fall of 2017, we celebrated a milestone for one of Anishnawbe Health's earliest and most loyal donors – The Gardiner Museum's Empty Bowls event. In celebration of the 25th anniversary of this event and the nearly \$200,000 contributed

to our cause to date, we announced that the Community Kitchen in the Health Centre will be named after the event.

Our second annual June Reception and Auction successfully grossed more than \$45,000, thanks in part to some very competitive bidding at the auction table and attracted new partners to our cause including the Chiefs of Ontario.

In the past year, our Board and leadership volunteers have strengthened our governance and operations. With the help of our amazing Finance, Audit and Investment Committee, we have developed an Investment Policy and plan to ensure we steward donor support for our mission. We also reviewed and aligned our By-laws with the Not-for-Profit Corporations Act.

In the area of communications, our Foundation was profiled by the national giving website Canada Helps and in the Toronto Foundation's Good to Give Guide, encouraging leading philanthropists to support Indigenous health and wellness through our Foundation. We have also supported work to build a new accessible, mobile-friendly website for the Health Centre that will launch later this fall.

I encourage you to join our growing circle of supporters and volunteers. If you are interested in learning more, please get in touch with us!

All my relations,
Diane Gray

Anishnawbe Health Foundation

Vision

Healthy Indigenous peoples contributing to sustainable urban communities.

Mission

To inspire philanthropy to:

- Support an environment where the urban Aboriginal community can heal spiritually, physically, emotionally and mentally by enhancing capital and program funding for Anishnawbe Health Toronto; and
- Foster the reclamation, preservation, research and application of traditional healing methods, including the sharing of these with all people.

Anishnawbe Health Foundation

Our Donors *Chi Miigwetch! Big Thank you!*

We are thankful to everyone who made a gift to our Foundation this past year. The following people and organizations have made a pledge or gift to Anishnawbe Health Foundation of \$1,000 or more between September 1, 2017 and August 31, 2018.

Message from the President & Executive Director

Greetings to all and welcome to your AGM! I wish to acknowledge the dedicated work of the Board of Directors, staff and volunteers. Your fine work and commitment has and will continue to make a difference, in the lives of many community members.

The year has seen a growth of programs and services. We have fully implemented 2-Spirit services which include access to support and traditional healers. A palliative care service was initiated and we are working closely with TC LHIN to stabilize resources for this initiative. With positive results, we made application to the MOHLTC for mental health and addiction service expansion. Service implementation is underway. We also experienced success with our funding application to Miziwe Biik for Housing Retention and Housing Subsidy programs. Implementation and delivery is in progress.

Although technically speaking not being within the reporting period, we just recently learned that our application to the MOHLTC for funding of a 128- bed long term care service was approved!! We will be working closely with TC LHIN and the MOHLTC on this important and much needed service in the months ahead.

Plans to begin construction of the new health centre have an ambitious target date of December 2019 and an occupancy date of May 2021. Engagement with the MOHLTC on the capital planning process will resume post-election and 'caretaker mode'. Plans will consider detailed design work with different user groups and exterior building design. We will also be working closely with the City of Toronto and Waterfront Toronto, not only on the new health centre but also on the Indigenous Hub. We are seeking a favourable response to be granted a permit, allowing us to build and develop on the property. In this effort we have been in communication and dialogue

with the West Don Lands Committee who have been very positive and supportive of our efforts.

Through our planning we intend to arrive at a place that expresses the correct and acceptable financial and density models required for a successful development. Our plans will include the solidifying of partnerships, defining our roles and responsibilities as they relate to one another. We seek to enable and support an architecture that reflects us as a people and contributes to the beauty of Toronto.
